ADVERTISEMENTS

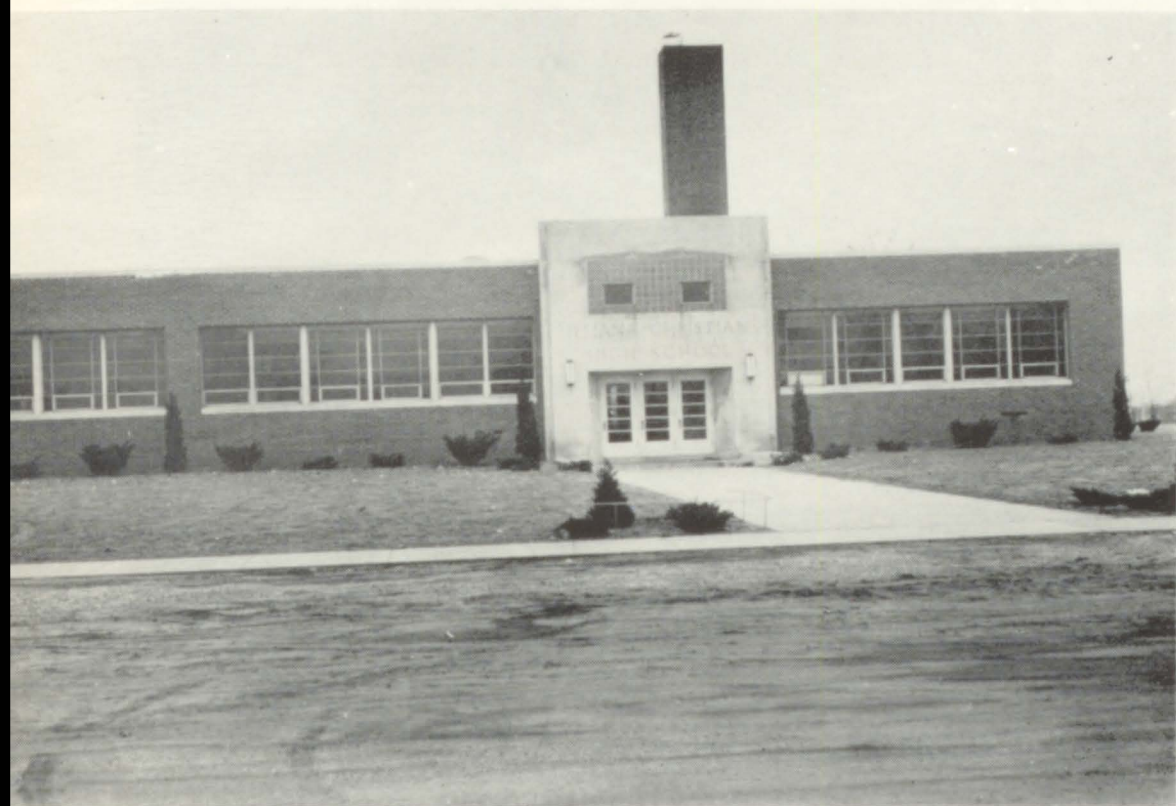

Miss Schuringa

We, the senior class of Illiana, do hereby dedicate the **Spire** of 1950 to Miss Kathryn Schuringa who has faithfully shepherded our class through four years of high school education. Besides her regular duties as history teacher and librarian, she has further served us in the capacity of faculty advisor for our annual. We wish to thank Miss Schuringa for the valuable aid and time she has given us; we sincerely hope that she may be granted future blessings and happiness at Illiana in her chosen profession.

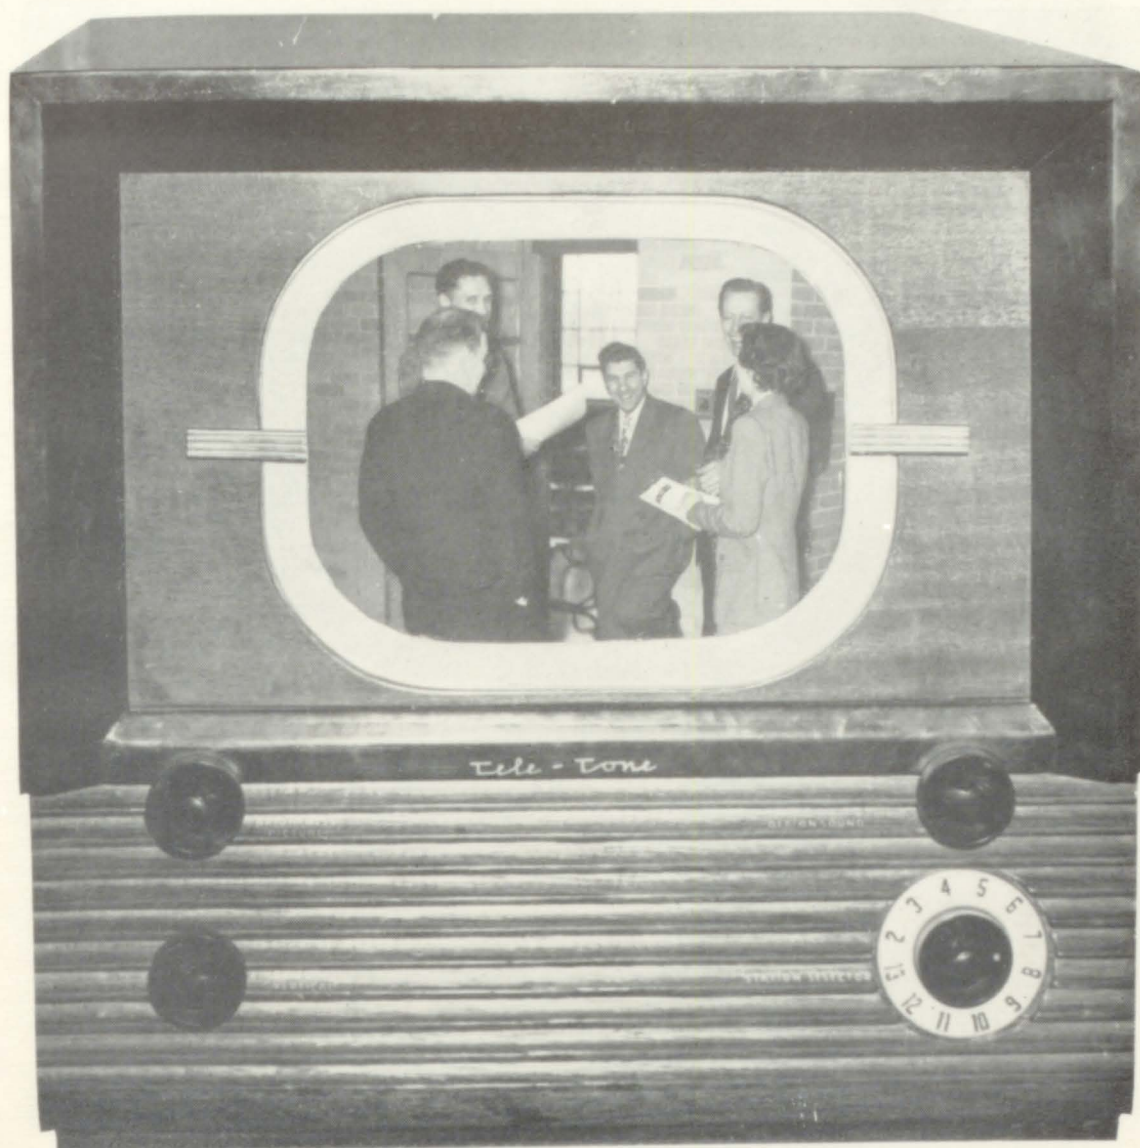

DEDICATION

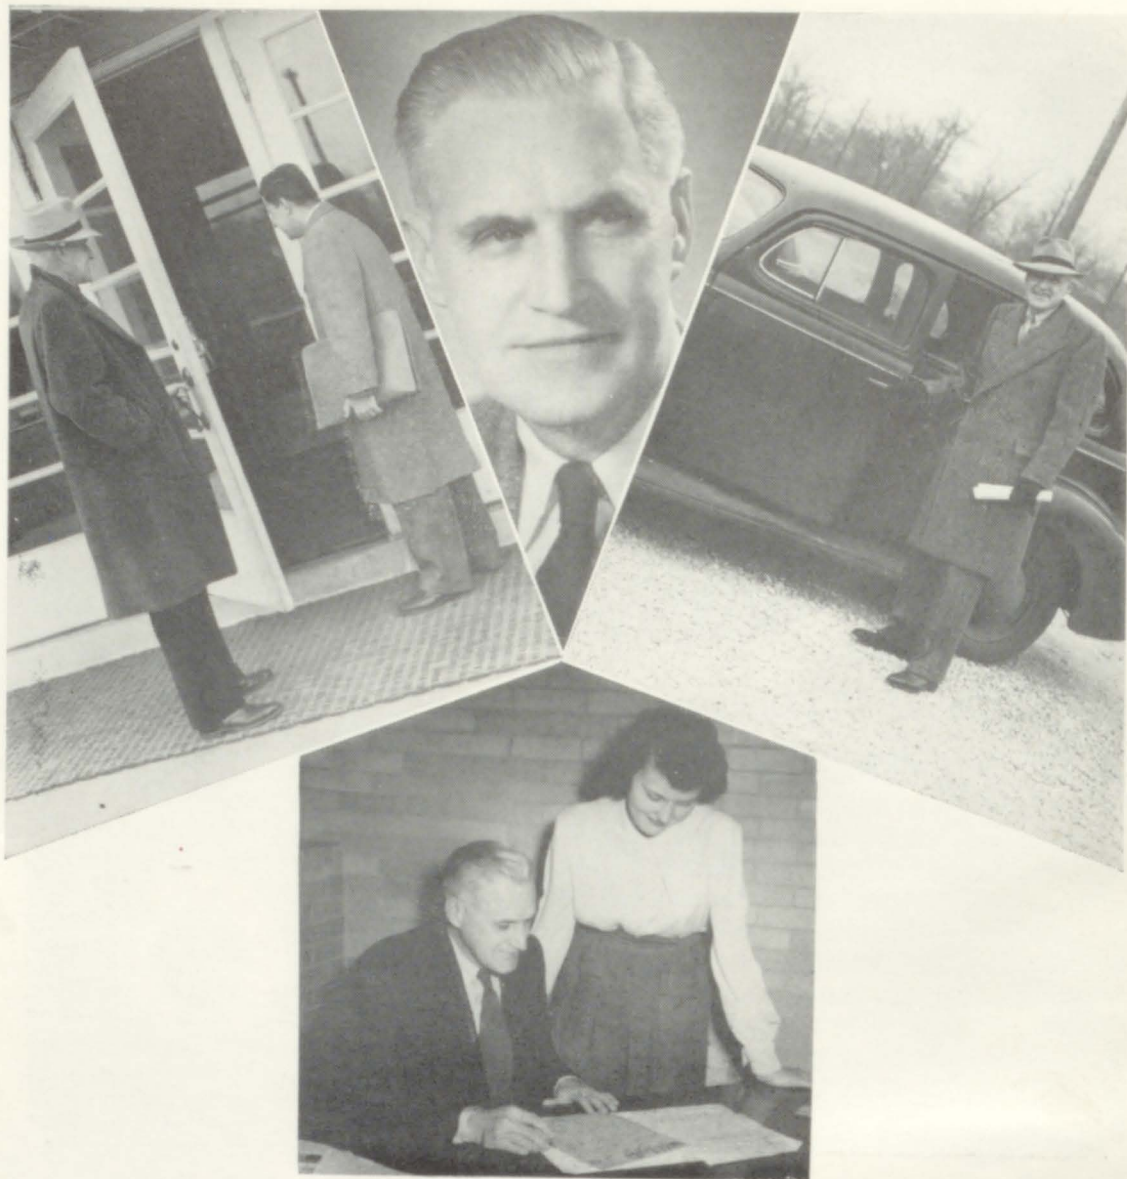

WITH APOLOGIES BOB V.D.E.

Today we present the faculty,
Ladies and men who boast a degree.
In our activities and problems they
 lend a hand
And always strive to understand.

OUR CHIEF EXECUTIVE

Mr. C. Van Beek: A.B., M.A.

TO THE GRADUATES

Among the many charges leveled at present-day Americans is the accusation that we are obsessed with the idea of security, and that we are generally more concerned about personal welfare and comfortable retirement than about the contribution (or lack of it) we are making to the pattern of life round-about us. The extent to which this charge is true may be difficult to determine, but that a generation which has seen two world wars and has passed through one of the worst depressions of history should be preoccupied with the problem of security is not surprising. And if we bear in mind the breath-taking rapidity with which one invention or innovation supplants another, we can understand a little of why, as a recent writer put it "the world is living with its fingers crossed."

That you as graduates are entering a world of confusion and uncertainty, distorted by greed and hatred, sharply divided by conflicting ideologies is a fact so obvious that you have become aware of it long before your high school days were over. The extent to which your teachers at Illiana have during the past four years helped to condition you for the rugged demands such a world will make upon you is a fair test of their success. No one can at present speak with any great degree of certainty as to the success of their labors; your lives will have to make their own testimony.

Although a mind well-stocked with information and sharpened on the grindstone of intellectual endeavor is a valuable asset, it must function in a setting of emotional stability and spiritual discipline if it is to realize its maximum usefulness. Only if we have attained a truly Christian perspective can we meet confidently the perplexities of life and the complexities of living. When the pressures of the present and the uncertainties of the future distress, you will find no surer basis for confident living than the words, **I am Jehovah; I change not.**

As your teachers, we rejoice with you in your youth; your natural optimism and enthusiasm are a great blessing. We humbly pray that we may have been instrumental in forming channels of thought and ambition that will guide the flow of youthful ardor into the broad fields of purposeful Christian living.

Christian principles are stressed throughout, and character building is an important asset to our education. Their friendliness and cooperation, ability, and willingness have done much to uphold and improve standards at our school.

CLASSES & ACTIVITIES

Studies and activities fill our day;
This includes both work and play.
Classes, sports, and chapel too,
Each of these we televize for you.

No, it isn't a gas attack. It's just our future scientists working out a few new formulas under the direction of Mr. C. De Young.

This is one class where talking in class is encouraged. But, of course, we must learn how and when to talk.

Everything in the history of our country from the discovery to the present day is studied in U. S. history. Panel discussions and current events on today's problems give variation to the class.

"Desks cleared? Everyone ready? O.K. here we go—80 words a minute. 'Dear Sir: Thank you for your order'"

Chapel

Everyday at 9:55 the entire student body assembles in the auditorium for a half hour of devotions. Students, teachers, and outside talents are enjoyed.

The Student Council planned these inspirational services. Representatives from each class have arranged chapel for a week.

The Rev. Mr. Greenfield leading devotions with Mr. Zafros, our song leader, and Dorothy Kamstra, the chairman.

A junior trio favoring us with special music.

This is a freshman science class where the student does no experimenting but is given demonstrations. Mr. VandenHoek is here making a cloud in a flask by reducing the air pressure.

This is one class where the word "homework" is unknown. Efficient typists are being trained under the direction of Mr. Schipper.

Volley ball provides good exercise and enjoyment when the weather permits.

Another activity which supplies pleasure and physical education is tumbling.

The junior class made a great success of their canteen this year. During lunch hour they sold snacks and school supplies.

That case of pop was a welcome sight when lunch time rolled around.

Student Council

President - Jack Van Zytveld
 Vice President - Rich De Jong

Under their jurisdiction have been the problems regarding school parties, social activities, and most important, preparing the chapel services.

Planning our school skating party is the job of our student council. This is an event which is anticipated by almost everyone.

Arranging to have students, teachers, and outside speakers and talent take part in our daily chapel was also the task of student council.

Echo

Editor, Gertrude De Maar; Assistant editor, Lois Van Zuidam;
Faculty Advisor, Miss G. Huitsing.

Journalism has been taken over by the juniors this year with the exception of the editor who is a senior. This club puts out an **Echo** every three weeks for the interest of fellow students and friends.

Before each paper is put out, it must be carefully copyread; and a dummy must be set up.

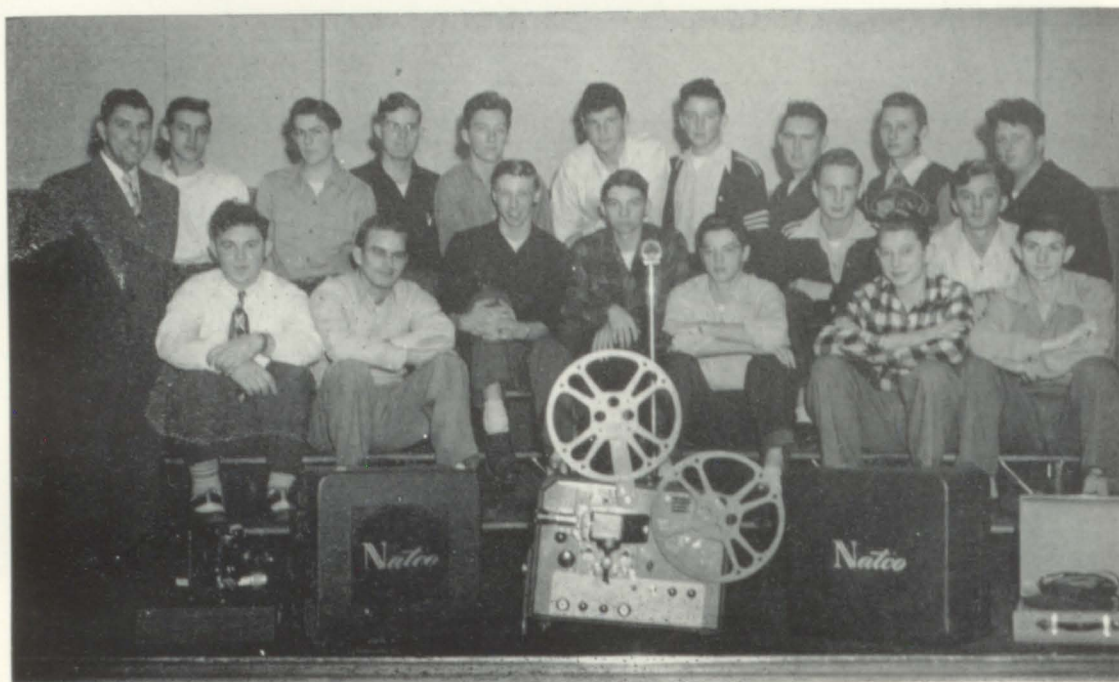

The **Echo** has a number of subscribers outside of school.

Ah! finished at last. It is no little task to put out a paper.

Visual Education Club

President - Art Ruiter
Vice President - Claude Blom
Secretary - Don Haan
Treasurer - Edward Vander Kooy
Sponsor - Mr. G. Zafros

Do you know who provides those interesting films for assemblies? Yes, it's the Visual Education Club under the direction of Mr. Zafros. They raised money for equipment and films by sponsoring a scrap drive.

President - Kay Schepel
Vice President - Dorothy Kamstra
Secretary - Ruth Eenigenburg
Treasurer - Sylvia Van Someren
Sponsor - Miss K. Schuringa

The Seniorettes added sparkle to school activities by selling hot dogs and sponsoring interesting assemblies. Among the high lights were the fashion show, amateur hour, and the "Truth or Consequences" program. Their social events were the Christmas party and the box social. →

After many weeks of hard work and planning, we, the seniors of 1950 with Miss Schuringa's invaluable aid present a brief glimpse of our school. We have tried to make this annual better than its predecessors and hope you will enjoy it.

Staff

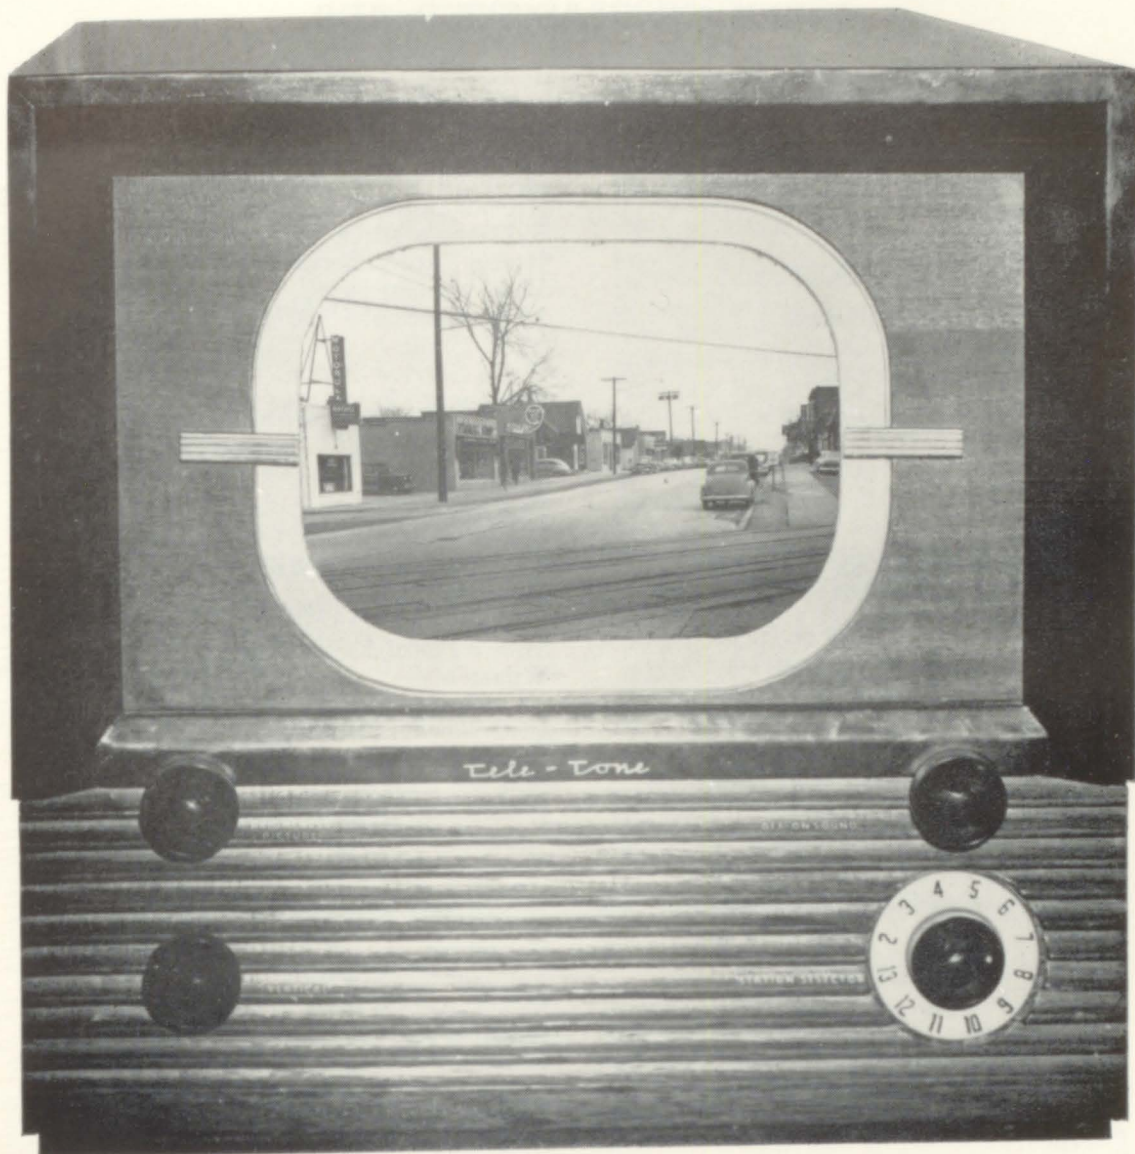

The typists and literary staff worked together with the assistance of Miss Janssen. The photography staff, editor, and his assistant played an important part in assembling the pictures. Mr. VandenHoek devoted much of his time and effort to make our annual a success by his photography work. This included both taking and developing the pictures.

Could we find a better janitor? He keeps our school immaculately clean and is a friendly advisor to all.

Hurrah! School's out! This is ICHS-TV signing off. We hope our programs have pleased you.

ADVERTISEMENTS

To our friends our thanks we extend,
To you their business we recommend;
Their products and services will make you glad
They helped our annual by buying an ad.
